Pocket-Sized Financial News

Snap Inc., the parent company of the popular app Snapchat, **became a publicly traded company** – and its stock price soared 50%! In less exciting, but probably more important, news, inflation **in the Eurozone** and the US continued to climb to multi-year highs (yep, prices are going up). Relatedly, the officials from the US Federal Reserve **strongly hinted** that they would raise its target interest rate at their next meeting – so “interest rates” are going up. Finally, it looks like a planned merger between the London Stock Exchange and Germany's biggest stock exchange **has fallen apart**, partly as a result of the
